#### COLLINS TO HANG ON MARCH II.

Supreme Court Affirms Punishment Exacted for Murder of Pinkerton Detective.

George Collins laughed as he discussed the Supreme Court's decision yesterday that he must hang on March 11 for the murder of Pinkerton Detective Charles Schumacher. "I expected it, but I did not think i

was coming so soon," he said, "But it makes little difference, Only the matter of a few days, and then I suppose it will be all off with Collins, or Lewis, whichever you choose to call me, "Where's Rudolph? That's funny, I'm

sure I don't know. You know that Bill is a pretty foxy guy. He's not going to write me any farewell letters or anything of that kind. He's too smart for Bill Pinkerton, Of course, I don't know where Bill is, If I did, they could twist my head

the story about how he's going to spend a million to capture Bill. My advice to him is to put up the money in some bank-not like the one in Union—and then send word to Bill to come in. I believe Bill would take a chance of getting that much coin in his hands, and it might be cheaper for Pinkerton.

In passing upon the Collins case the Supreme Court affirmed the verdict in the Franklin County Court, that Collins killed Detective Schumacher near Union on January 28, 1983. Schumacher was on the trail of Rudolph and Collins, who had blown the vault of the liank of Union and stolen 818,000. They were forted at Rudolph's nome by Schumacher and several Deputy Sheriffs, and in the oattle with rifles which followed Schumacher was killed.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period.

"To Young Women: - I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine app ndages caused by repeated and neglected colds.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, I have added 12 pounds to my weight, my color is good, and I feel light and happy."—Miss Agnes Miller, 25 Potomac Ave., Chicago, Ill. — \$5000 forfett if original of above letter procing genuine-ness cannot be produced.

ONLY AFFECTS TRANSIENTS.

"This is not a trust nor is it a combination. We simply got together to agree to raise the rates for board and lodging for the transient trade \$1 a week. The proprietors of mine of the principal boarding-houses have talked about increasing the rates for the transient trade for some time. The increase will not affect the regular trade at all, nor will any hourse except those on Locust street be asked to join with us.

"We have talked the matter over among conrecives for some time. In raising the rates we simply are protecting ourselved in a legitimate way. We were prompted to make an advance in the transient rates because of the increase in the rentes all along Locust five benefit and the greater cost of all provisions. The rents all along Locust five benefits which house at No. 1694 Locust street, which formerly was rented for 1890, now rents for 1895. #### GERMAN COLUMN TO PROBE GRAFTING IN DEADLY PERIL.

Governor of Southwest Africa

MAY BE AWAITING RESCUERS.

While Subduing One Rebellion, Another Demands His Attention and No Word Has Come From Him.

Berlin, Feb. 1 - Nothing has been heard for weeks from Colonel Leutwein, Governor of German Southwest Africa, who was making a long march from Warmbad region toward his beleaguered forts north-

No runner has got through the revolted natives, who have besieged all the outlying stations and are supposed to be in force between Windhock and Colonel Leutwein's column of less than 300 men which was returning from the campaign against the Bondelzwarts in the territory forty-five miles south of Windhock.

The Hereros rose while Leutwein was still engaged with the Bondelzwarts. Chancellor von Euclow announced in the

Reichstag, January 18, that Colonel Leutwein was on a twenty days' march from Windhoek, and it is now feared that Colonel Leutwein, in the tropical heat incumbered by his sick men, harassed by the rebels, and possibly deserted by his carriers, may have been unable to force his way through the hostile tribesmen, and that he has been obliged to intrench himself and wait for the arrival of a rescuing expedition.

The idea that he has been overwhelmed is rejected officially, but this apprehension is expressed in the newspapers. The German Consul General at Caps Town has transmitted a dispatch from the commander of the German forces lett be-hind by Colonel Leutwein, amounting that the Bondelzwarts surrendered Junuary 28, and also saying that the surren der of the Khara Mountain insurgent

'BRU' explained that Smith was in better condition than Goddard, and when he delivered the final blow life had on more steam than Goddard had shown.

## GOOD HEALTH MEANS GOOD LOOKS

It is woman's mission to look good. Beauty is woman's birthright. Nothing destroys comeliness quicker than sickness. In my large practice I have looked with wonder many times on women who have quickly regained lost beauty with a return to perfect health. I have known thousands of cases of women who were nervous wrecks, and showed it; women who suffered from Kidney Disease, Liver Af-

fections, Indigestion, Impurities in the Blood, and bore upon their faces the stamp of their afflictions. To such women I have always recommended my DR. GREENE'S NERVURA Blood and Nerve Remedy for purifying their blood and strengthening their nerves. I have built up their entire bodies and made all of their vital organs work properly. The result is seen in bright eyes, plump figures, clear complexions, lustrous hair and an expression of happiness and content, all of which combined turned the broken down object of pity into the grandest of all of God's creations - a beautiful woman. I continually receive letters from women grateful to me for what I have done for them from all sides.

The following is from MISS FLORENCE BURCH, 500 West 164th St. New York :

"Before I took Dr. Greene's Nervura blood and nerve remedy I auffered a great deal with catarrh and rheumatism. Catarrh affected my stomach. It gave me severe sick headaches, and I likewise suffered from nervousness. Now that I have taken Dr. Greene's Nervura blood and nerve remedy. I feel splendidly and want to recommend it to all who are sick and run down as the best medicine they can take. It cured my rheumatism and the catarrh."

I want everyone who reads this, if they are not feeling as Nature intended they should, well, strong and energetic, with the ability to eat and sleep, to go today to the nearest druggist and give a bottle of my DR. GREENE'S NERVURA a trial. This is all that is necessary to prove to one how easy it is to find the road to health and happinesse Should there be a man or woman who has neglected their case, or whose illness is of such a complicated nature that it will not yield readily to Nervura, then they should call on me if it is possible, or write a letter to me, addressing it to Dr. Greene, 101 Fifth Avenue, New York City. All such may have the benefit of my many years of experience and my advice absolutely free. Often a little advice or some particular instructions, especially when taken in connection with Nervura, are sufficient to make all the difference in the world in turning the scale and accomplishing a speedy cure. Your Druggist recommends and sells Dr. Greene's Nervura.

# HIGH CLASS DRUGGISTS AND - OTHERS.

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but always under original or officinal names and they never sell false brands, or imitation medicines. They are the men to deal with when in need of anything in their line, which usually includes all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of toilet articles and preparations and many useful accessories and remedial appliances. The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits conferred upon their patrons and assistance to the medical profession, is usually their greatest reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they are selling many millions of bottles annually to the well informed purchasers of the choicest remedies, and they always take pleasure in handing out the genuine article bearing the full name of the Company-California Fig Syrup Co.-printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as

Syrup of Figs, and they are glad to sell it because it gives universal satisfaction. Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles of the profession and whose greed gets the better of their judgment, and who do not hesitate to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name-" Syrup of Figs"-or "Fig Syrup" and of some piratical concern, or fictitious fig syrup company, printed on the package, but they never have the full name of the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions exist it is necessary to inform the public of the facts, in order that all may decline or return any imitation which may be sold to them. If it does not bear the full name of the Company-California Fig Syrup Co.-printed on the front of every package, do not hesitate to return the article and to demand the return of your money, and in future go to one of the better class of druggists who will sell you what you wish and the best of everything in his line at reasonable prices.
